"We did a Verve fundraiser to kick off the 2009 football season. The players each committed to selling 1 case of Verve. We have about 32 kids on the roster and we had 40 cases of Verve so we placed the remaining cases of Verve in the concession stand.

To our amazement we were able to get donations of \$20 dollars for the 4 packs of Verve and raised close to \$3,000 dollars in under 30 days!"
